

52.227-14 RIGHTS IN DATA--GENERAL (MAY 2014)

52.227-14 -- RIGHTS IN DATA--GENERAL (MAY 2014) - Entire clause

***** The contractor has taken exception to this clause as follows:**

52.227-14 RIGHTS IN DATA--GENERAL (MAY 2014)

Proposed language revision:

SHI accepts the incorporation of FAR 52.227-14 for all task or delivery orders that include the delivery of technical data or computer software that is not subject to previously negotiated and accepted license and use terms between SHI and GSA. In the event that a government end customer requires specific additional rights such as specific rights identified by the government end customer in FAR 52.227-14, SHI will seek approval of the software manufacturer to provide those rights before submitting a quote. This acceptance is consistent with FAR 27.409(b)(1)(ii) as the items on SHI's proposed contracts are commercial software with use terms and licenses that have been reviewed and accepted by GSA. In the event that SHI is awarded a task or delivery order for which a previously negotiated license does not apply, SHI understands that FAR 52.227-14 will apply to technical data and software required to be delivered to the government customer.
